**Symbolic Monarch Migration Directions**

*Join 10,000+ children across the USA and Canada in mimicking the migration of monarchs by creating paper/symbolic butterflies to send to Mexico this fall. Over the winter, the paper butterflies will be delivered to children living in the monarch sanctuary region. Next spring, as the living monarchs depart Mexico, a group of paper butterflies will also travel north to Bullington Gardens. You're invited to be a part of this international celebration of friendship, cooperation, and hope!*

**1)** Create your own life-sized paper butterfly (your symbolic monarch) using the template above. Decorate it however you wish (just no glitter, please)!

**2) By October 20, 2023**, mail or drop off your paper butterfly to Bullington Gardens, 95 Upper Red Oak Trail, Hendersonville, NC 28792. Please send entire top part of the page (no need to cut out the outline of the butterfly).

**3)** Learn more about this program at [bullingtongardens.org/symbolic-monarch-migration](http://bullingtongardens.org/symbolic-monarch-migration).
